

Curriculum Vitae

Personal identity

Name: Uwase Mahoro Belyse

Location: Kigali, Rwanda

Email Address: mahorobelyse1@gmail.com

Phone number: +250787488939

Profile

Full Stack Developer with a Bachelor's Degree in Business Information Communication and Technology from Mount Kenya University. Experienced in building scalable, responsive web applications across the full stack from React, TypeScript&JavaScript, and Tailwind CSS frontends to FastAPI/Python and Node.js/Express.js backends, with PostgreSQL, MongoDB, and MySQL databases. Combines technical expertise with business acumen to deliver user-centered digital solutions.

Objective

To contribute as a Full Stack Developer in a dynamic, impact-driven environment leveraging expertise in React, TypeScript, Tailwind CSS, Node.js, FastAPI, Python, PostgreSQL, and MongoDB to build performant, scalable applications while continuously growing across the full software development lifecycle.

Education

2023-2025

Mount Kenya University – Kigali, Rwanda

Bachelor's Degree in Business Information
Communication and Technology

2019-2022

**College Immaculée Conception –
Southern Province, Rwanda**

High School Diploma – Advanced Level
Combination: Mathematics, Economics
and Computer Science.

Skills

Frontend

React, TypeScript, JavaScript, HTML, CSS, Tailwind CSS, Vite

Backend & Databases

FastAPI, Python, Node.js, Express.js, PostgreSQL, MongoDB, MySQL

Tools & Practices

Git, GitHub, REST APIs, responsive design, UI/UX principles, data analysis & visualization

Soft Skills

Analytical problem-solving, cross-functional collaboration, technical communication, time management

Experience

Full stack Developer intern – Nexventures

Jan – May 2026

- Built and maintained full-stack web applications using React, TypeScript, and Tailwind CSS on the frontend, with FastAPI and Python powering RESTful backend services.
- Designed and managed PostgreSQL databases; built reusable UI components and optimized application performance and user experience.

IT Intern – Rwanda Stock Exchange (RSE)

May – August 2025

- Supported capital markets IT operations, contributing to software development, documentation, and system improvements.
- Assisted in aligning IT strategy with business objectives and delivered web development solutions.

Certification

SheCodes Certificate – React Development

- Built interactive React applications applying component-based architecture, best coding practices, and debugging techniques.

SheCodes Certificate – Web Development

- Developed functional, responsive websites using HTML, CSS, and JavaScript; applied core web development principles through hands-on projects.

SheCodes Certificate – Responsive Web Development

- Built mobile-ready, cross-browser-compatible websites applying responsive design principles and modern styling techniques.

PLP Certificate – Full-Stack Web Development (MERN) & Python for Data Analysis

- Developed full-stack MERN applications with real-time features using Socket.io, covering frontend, backend, deployment, and testing.
- Applied Python for data analysis and visualization; developed pitch decks and presentation skills for project delivery.

Interest

- Exploring new technologies in web development
- Solving design and coding challenges
- Continuous learning and self-improvement
